

# FLEXA Näst

For sweet dreams and snug moments

**FLEXA®**

# Welcome to the world

From choosing a name to planning the perfect nursery, preparing for the arrival of your new baby is an exciting and memorable time. You build a nest – a warm, protective place where your baby can grow, snug and secure. There are 5 items in the collection, all of which comply with strict safety standards for babies.

At FLEXA, we have more than 45 years of experience in creating the best possible design solutions for children and the style of the parents.

# Why choose FLEXA Näst?

Made from  
solid pine  
wood

Grows with your  
child. From baby to  
toddler to junior

Designed with rounded, organic shapes

Complies with strict safety standards

Näst matches our existing collections in Scandinavian style

Made in Europe, designed in Denmark

Rounded forms  
and smooth surfaces

# Distinctly Scandinavian Feel

---

*“I designed the Näst collection with functionality and sustainability in mind. It was important to create a timeless design that meets the changing needs of the growing child. FLEXA Näst is all about preparing for baby’s arrival and creating a safe place to sleep and grow. I chose rounded forms and smooth surfaces to create a simple and distinctly Scandinavian feel.”*

# A growing collection

5-in-1 Cot bed

0-6 months

Näst is baby's first bed. The cot base is height-adjustable. Set it at the right level so you can easily reach your child

0-2 years

When your child is able to sit, it's time to lower the cot base. This stage of the bed can also be used as baby's first bed

# Good advice for a good night's sleep

- 1 Parents are advised to place their newborn baby's bed close to their own bed. Being close to you is comforting for the child
- 2 Most newborns prefer to sleep in a bed that is not too large. In the early months, you can line the cot bed with a crib bumper or hang a canopy over the bed. Both make it easier to keep the child warm, comfortable and secure
- 3 The first 3-4 months after your baby is born he/she is trying to adjust to the difference between night and day. Help him/her by letting a little sunlight into the room and allowing a little background noise in the daytime when he/she is sleeping. In the evening and nighttime, make sure the room is dark and quiet

## 2-3 years

When your child is 2-3 years old, you can choose to remove three bars on one side of the bed. Your child can then crawl in and out of bed on his own

## 3+ years

When your child is about three years old, you can remove all the bars on one side. You can choose to lower the top bar so that it acts as a safety

## 4+ years

Your child is now big enough to sleep safely without a safety rail. The Näst cot bed can now also be used as a sofa to curl up on elsewhere in the child's room

# Growing up together

## FLEXA Näst 5-in-1 Cot bed

---

Your child spends many hours sleeping. We have developed a cot bed that can be adapted to meet the growing child's needs.

### FACTS

---

-  5-in-1 cot bed that grows with the child
-  Intelligent design: Re-use top rail as safety rail
-  Plywood bed base with ventilation holes
-  Rounded shapes
-  Mattress size 70x140 cm
-  Solid pine wood
-  L:146,5 W:75,5 H:88,6 cm

0-6  
months

0-2  
years

3+  
years

# A healthy mattress

## FLEXA Näst Mattress

---

The average child spends about 40% of childhood sleeping. It is important to invest in a good mattress that will help the child to get the best possible sleep. A rested child is a child who is ready to learn!

### FACTS

---

-  The entire mattress carries the OEKO®-tex label, Class 1 and therefore contains no harmful substances
-  The FLEXA mattress is turnable. Designed with a firm sides and a soft visco wave foam on the other side. The visco memory foam top reacts, conforms and adjusts to body temperature and weight to provide the best possible comfort during an infant's sleep
-  The mattress is ergonomic and breathable. Excess moisture and heat are rapidly wicked away from the child
-  The mattress meets the highest requirements to ensure a safe and allergy friendly environment for babies
-  Removable and washable cover for optimal hygiene and convenience
-  Recommended up to 40 kg/88lbs
-  OEKO®-tex labelled fitted cover, made in 100 % cotton. Washable. Easy to remove

## Good advice about mattresses

- 1 It is important to air bed clothes and mattress regularly. To reduce the risk of dust mites and mould
- 2 For optimal hygiene, wash the mattress cover at minimum 40°C
- 3 To allow the mattress to dry out, wait to make the child's bed until the bed clothing or quilt is dry

# Good inspiration about your changing table

- 1 It's a good idea to put up a mirror at the end of the changing unit. Train your child to lie on his/her stomach while examining himself/herself in the mirror
- 2 You can also hang a colourful mobile over the changing table. Move the mobile so that baby learns to look to both right and left
- 3 Make sure that baby doesn't get cold during a nappy change. Cover the changing mat with a warm muslin nappy and make sure that the room is well-heated

# Cosy nappy changes

## FLEXA Näst 2-in-1 changing table

---

The FLEXA changing table comprises of a chest of 3 drawers with a changing unit on top. The changing table with drawers underneath means that you can hold your child with one hand while you find clothes, nappies and care products with the other. When the time comes, you can remove the changing unit and the chest of 3 drawers can now be used as storage space for your child's favourite things.

## FACTS

---

-  2-in-1 changing table. Timeless storage unit and changing table in one
-  Changing mat size 50x70 cm
-  Soft-close to keep little fingers safe
-  Solid pine wood
-  Rounded shapes
-  D:74,8 W:72 H:104 cm (changing height 90 cm)

# Storage with style

## FLEXA Näst Wardrobes

---

Babies come with tons of equipment. Store your baby's in a Näst wardrobe. When your child is older, the drawers can be used to store favourite toys and other treasures that he or she can access easily.

## FACTS

---

-  Soft-close drawers and cupboard keep little fingers safe
-  Each drawer can bear up to 25 kg
-  Doors open up to 110° for easy access
-  Rounded handles
-  Solid pine wood
-  Height-adjustable shelves
-  2 doors: D:56,5 W: 101 H:202 cm
-  3 doors: D:56,5 W:150 H:202 cm

# A safe haven

At FLEXA we work to ensure very high product safety standards. The Näst collection meets even the most stringent norms and regulations applicable to baby and children's furniture. We use only water-based and UV-based lacquers that contain nothing that could harm your child. There are soft-close in drawers and on wardrobe doors to keep little fingers safe, and there is a safe distance between the bars on the Näst cot bed. All our furniture is produced in Europe.

### **Non-toxic furniture**

FLEXA is tested according to the strict international safety standards EN71-3 DIN717-3 and DIN 53160.

### **Lacquer**

FLEXA use only Eco-Friendly, water-based lacquer and UV lacquer which meets the EU standard for lacquer

### **Natural materials**

All FLEXA textiles and mattresses are Oeko-Tex certified and contain no harmful substances

### **Safety tested**

We have carefully checked every single detail so you can safely set up your child's bedroom

### **5-year guarantee**

FLEXA offer a full 5-year guarantee against manufacturing faults

### **Quality materials**

Certified according to PEFC® standards
